Closure Rpt Cert QWA (02.08).pdf

Jeff,

The certification references a 12/3/07 report. The report is dated 12/27/07. I cannot find any correspondence related to the report that is dated 12/3. Since this is legal certification required by the Order, I think that the report needs to be accurately referenced.

Please submit a certification that accurately references the report, and then I will close out the project and the related Orders.

Thank you.

QWA Closure Report Certification

Maureen;

The certification for the closure report has been mailed. I have attached a pdf copy to this message.

Thanks,
